### SUMMER HOMEWORK FACULTY WEB PAGES AVAILABLE

Looking for a summer project? How about designing your Web pages for the College Web site.

Beginning June 2, faculty members will have the capability to build their Web pages from anywhere that they have Internet access. (Of course, the opportunity will still be there when faculty members return next fall.) "I've already spoken with some faculty members who are anxious to get moving on their pages because they see it as a savings in both time and supplies," stated Rene Trezise, Director of Marketing and Communications.

Any faculty member wanting to work on their Web pages should call Trezise at 304-788-6872 or e-mail her at [RMTrezise@mail.wvu.edu](mailto:RMTrezise@mail.wvu.edu) for detailed instructions.

Dear President of Potomac State College:

We the parents, of Sheena Zbosnik, soon to be graduating this 100th year, would like to thank Potomac State College.

We have watched her grow up and become a responsible young woman and we give Potomac State credit for these changes. Her leadership in the job as Resident Assistant has helped her grow tremendously.

We would like to give a big thank you to two members of your teaching staff, Mr. Scott Lockridge and Shawn White. Both of these gentlemen have helped Sheena in one way or another in athletics and sharing valuable friendly advice.

Our only wish was that Potomac State at this time was a four-year school. We know she would be furthering her education right there at Potomac State.

Thank you for your time and hopefully at graduation we can make your acquaintance.

Sincerely,

Dennis & Sheila Zbosnik
